MTX501. Music Therapy Assessment & Treatment Plan. 3 Credits.

Overview of assessment and treatment planning methods used in music therapy practice. You will complete an assessment and develop a treatment plan for assigned client. 40 hours of clinical observation are required. Minimum grade required B.

Restrictions:

- Must have the following level: Graduate

Corequisites:

- MTX500

May not be repeated for credit

MTX502. Music Therapy Practicum I. 2 Credits.

Students complete a minimum of 60 hours of supervised clinical experience with groups and individuals at University - affiliated sites. Bi-weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy. Minimum grade of B required.

Attributes:

- Service Learning
- Field Study
- Clinical Placement
- Practicum - Non-Clinical
- Creative Works
- Research

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX503. Music Therapy Practicum II. 2 Credits.

Students complete a minimum of 60 hours of supervised clinical experience with groups and individuals at University - affiliated sites. Bi-weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy. Minimum grade of B required.

Attributes:

- Service Learning
- Field Study
- Clinical Placement
- Practicum - Non-Clinical
- Creative Works
- Research

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX535. Advanced Clinical Musicianship. 3 Credits.

Focuses on development of advanced approaches for recreating and composing music for clients with diverse musical preferences and needs. Students will learn to compose music and songs using multiple musical instruments and technology. Minimum grade required B.

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX540. Music Therapy Foundations. 3 Credits.

Varied clinical theories in music therapy service, delivery and procedures related to these theories will be presented. Students develop musical programming, assessment, and treatment plans for clients with varied needs. minimum grade required B-.

Restrictions:

- Must be enrolled in one of the following classes: Senior, Graduate

May not be repeated for credit

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX725. Music Therapy in Palliative Care. 3 Credits.

Students will engage in a comprehensive overview and in-depth exploration of music therapy methods in palliative care and end-of-life care. Various settings of care, clientele and diagnoses, and areas of clinical need are explored.

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

Prerequisites:

- MUS544 Minimum Grade of B- or MTX544 Minimum Grade of B-

May not be repeated for credit

MTX726. Music Therapy Pedagogy and Supervision. 3 Credits.

Students will examine contemporary trends and challenges in the education, training, and supervision of music therapists.

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX730. Music Therapy in Pediatric Critical Care. 3 Credits.

Focuses on the use of specialized music therapy methods to address the physiological and psychological needs of children and adolescents in critical care settings. Assessment, treatment planning and implementation will be reviewed.

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX742. Music Therapy Research. 3 Credits.

Students examine major research paradigms including objectivist, interpretivist, and other evolving research methods. Minimum grade required B-.

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

May not be repeated for credit

MTX745. Music Therapy Internship I. 3 Credits.

Students will be placed in community settings such as local hospitals, schools, and rehabilitation programs to provide opportunities to practice advanced music therapy techniques with clients under the supervision of a Board Certified Music Therapist. Students must complete at least 125 hours of clinical practice.

Attributes:

- Service Learning
- Field Study
- Clinical Placement
- Practicum - Non-Clinical
- Creative Works
- Research

Restrictions:

- Must have the following level: Graduate
- Must be enrolled in the following field(s) of study (major, minor or concentration): Music Therapy (285)

Prerequisites:

- MUS 744 Minimum Grade of B-

May not be repeated for credit

MTX746. Music Therapy Internship II. 3 Credits.

This second semester course in the music therapy internship sequence places students in clinical settings such as hospitals, schools, and rehabilitation programs providing opportunities that expand the range of experiences resulting from working with a variety of populations and professionals who provide services to them.
