

STUDENT CONSUMER INFORMATION REQUIREMENT

In compliance with both Federal and State laws, the university makes available to students or prospective students information about instructional programs, costs of attending the institution, financial assistance available to students, refund policy, qualification of faculty, graduation rates and placement of graduates. The Office of Institutional Research publishes a table of contents of these required disclosures, with direct links to items related to financial aid/student financial assistance, general institutional information, health and safety, and student outcomes.

The Division for Enrollment Management is also available to assist students or prospective students in obtaining information specified in the Regulations of the Commissioner of Education, Chapter II, Subchapter A, Part 53, Sections 53.1-53.4.
